

Residential Camp Information

We recommend packing all your items in an **under the bed tote**. If you don't have one, you can pick one up from Canadian Tire for approx. \$10.00. That way, when you arrive you can just slide your already packed clothes under your bunk! If not, a flat suitcase, rather than a duffel bag would be ideal. A great way to keep organized is to print off the pack list and check off each item as you pack. Then, tape it to your tote and when you are packing to go home, staff will help you check that everything gets back in your tote. Be sure to label EVERYTHING you bring to camp.

DO NOT BRING

- Cell Phones - In the event of an emergency, campers will have access to the camp phone.
- Food items - Any food found will be confiscated. We have campers and staff with food allergies and we don't want uninvited guests!
- Expensive electronics (Bring your iPod at your own risk)
- Expensive jewelry
- Any clothes that are expensive or that you don't want to get dirty/damaged
- Illegal drugs or alcohol (We're sure that this will not be an issue, but any one caught will immediately be sent home)

Parents Only

Please do not call your child or expect them to call you. We want to help them have an independent camp experience and staff will support them if they feel home sick. Past experience strongly suggests that calling home only increases home sickness.

If you wish to communicate with your camper, please send them Camper Mail! You can leave them a note in their suitcase or give us dated notes to hand out to your camper at lunch time. We will also distribute emails sent to info@raynhamstables.com with your campers name in the subject line at lunch time each day.

Please feel free to contact us if you have any further questions!

Raynham Stables Summer Camp Staff
